

FERROSPORT®

IRON FOOD SUPPLEMENT WITH FOLIC ACID AND VITAMIN C

IRON DEFICIENCIES

EASY TO DIGEST AND ASSIMILATE IRON SUPPLEMENT, SUITABLE ALSO FOR ATHLETES

PACKAGING: 20 SACHETS, 3 g EACH

INFORMATION

Iron contributes to normal energy-yielding metabolism, and normal red blood cell and haemoglobin formation. It also contributes to normal oxygen transportation in the body, and to the reduction of tiredness and fatigue. Vitamin C enhances iron absorption. People who do intense sports activities might require a diet richer in iron.

FEATURES

FerroSport® is an iron food supplement with folic acid and vitamin C. This product does not contain gluten (Gluten Free), therefore is suitable also for people suffering from celiac disease or gluten intolerance.

RECOMMENDED FOR

- Non-pathological iron deficiencies
- People doing intense sports
- Athletes with performance drops due to iron needs

INDICATIONS

The product is useful in case of iron alimentary deficiency.

HOW TO USE AND RECOMMENDED DAILY DOSE

1 sachet per day. Dissolve in some water and take between meals.

INGREDIENTS

Bulking agent: sorbitol, Microencapsulated iron (maltodextrin, ferric pyrophosphate, coating agents: polyglycerol esters of fatty acids and soy lecithin, sodium hydrochloride), Flavouring: orange, Vitamin C (Ascorbic acid), Acidifier: citric acid, Vitamin E (DL- α -tocopherol acetate), Colourings: curcumin and cochineal, Sweetener: sucralose, Folic acid.

Warnings: this product is intended to be used as part of a varied balanced diet and a healthy lifestyle. Do not exceed the recommended daily dosage. It is unsafe for people with verified hypersensitivity to iron to take this product. It contains polyalcohols: excessive consumption may have mild laxative effects. Keep out of reach of children under the age of 3. Keep away from light and in a cool dry place. The expiration date applies to the product when stored as directed. This product is tested free from Nandrolone and Testosterone with their precursors, free from Beta-2-agonists, diuretics, amphetamines and ephedrines.
