FEATURES

SUPER DEXTRIN® is an energy food supplement of new generation. The special formula uses the synergy between Cluster Dextrin® (HBCD = Highly Branched Cyclic Dextrin), Palatinose™ (Isomaltulose) and maltodextrins with different dextrose equivalence (DE6 and DE18). Different carbohydrates molecular structure facilitates a differentiated energy release, allowing a better energy reserve distribution. SUPER DEXTRIN® formula is patented (Patent Pending), thanks to its innovative features.

HOW TO USE AND RECOMMENDED DAILY DOSE

1-3 pack per day. Take during physical activity or pre workout. The product is recommended for people who plan carefully energy intake and it should be the first choice between energy liquids in your timeline.

INDICATIONS

SUPER DEXTRIN® is an energy food supplement with advanced carbohydrate-based. The product is recommended for people carrying out hard and/or long training sessions, which causes muscle fatigue and impoverishing of glycogen reserve in muscle.
